## PROGRAM TO PREVENT BASEMENT FLOODING

### \*\*\*\*\*MODIFICATION REGARDING PLUMBER SELECTION\*\*\*\*\*

Due to the number of resident participation requests and the difficulty in obtaining plumbers to come out to provide quotes, the Village will not be issuing a "Preferred Plumber" list. Additionally, the Village will eliminate the requirement to obtain three (3) quotes.

The Village will accept proposals from all plumbing contractors and their sub-contractors who are certified and licensed to do work in Brookfield.

Although the Village will not require more than one quote, we do recommend that residents consult with more than one plumbing contractor to see if they are competitive.

Attached, is a listing of all the plumbers certified to do work within the Village as of 6/27/13. If a contractor wishes to obtain a Brookfield license they should contact the Building and Planning Department at 485-7344. Contractors must be certified and licensed to do work in Brookfield prior to being listed as the contractor on a resident application.
